# WHAT IS HEALTH WALLET?

Health Wallet is the perfect answer to your healthcare needs be it today or tomorrow. Let's take a look at its unique benefits.

## RESERVE BENEFIT

A benefit that not only covers your present but also grows continuously to help cushion the impact of healthcare cost in old age. Reserve Benefit is designed in such a way that it carries forward the unused amount to next policy year.

The amount that is carried forward also earns a 6% bonus at the time of renewal.

And the good news is, that you can pay upto 50% of your renewal premium from the accrued Reserve benefit post 5 continuous renewals.

Reserve benefit also takes care of your out-of-pocket expenses. With Reserve benefit you can now pay for consultations with a medical practitioner, physiotherapist, dietician, speech therapist, you can also make purchase of medicines, vaccinations, dental expenses, spectacles, contact lenses, medical device like blood pressure and sugar monitors, oxymeters, prosthetics etc.

It also covers for your outpatient diagnostic test and purchase of special health food supplements and many more.

Reserve benefit also gives you the flexibility of paying for non-payable items that are generally excluded from any health insurance claim such as Co-payment and/or deductible. With reserve benefit you can also pay for other medical expenses that are not payable otherwise under any medical insurance plan (Please refer to the policy wordings for complete understanding of Reserve benefit)

Use it as you want.

## RESTORE BENEFIT

Another striking feature of the Health Wallet is Restore Benefit that automatically restores the sum insured, if the base sum insured and Multiplier Benefit (if any) is exhausted during the policy period. Restore sum insured (equal to 100% of the base sum insured) will be automatically reinstated for that policy period, provided that:

- The restore sum insured will be triggered only after the base sum insured and Multiplier Benefit (if any) have been completely exhausted.
- The restore sum insured can be used for only future claims made by the insured person and not against any claim for an illness/disease (including its complications) for which a claim has been paid in the current policy year.
- If the restore sum insured is not utilized in a policy year, it shall not be carried forward to any subsequent policy year.
- The restore sum insured will only be applied once for the insured person during a policy year.
- If the policy is a Family Floater, then the restore sum insured will be available for all insured persons in the policy for subsequent claims in the balance policy period.

## MULTIPLIER BENEFIT

Health Wallet comes with an amazing feature called Multiplier Benefit. In case of a claim free year, your basic sum insured will increase by 50% at the time of renewal. And if you do not claim even in the 2nd policy year, your basic sum insured gets doubled.

## RECOVERY BENEFIT\*

To cater to incidental expenses, Health Wallet offers you a lump sum amount of ₹10,000 in case your hospital stay exceeds 10 continuous days.

**World Wide Coverage :** Covers in-patient treatment and daycare medical expenses incurred for emergency treatments for an illness or injury sustained or contracted outside of India which cannot be postponed until one returns to India, provided such treatment was medically necessary and certified as an emergency by a medical practitioner.

## DEDUCTIBLE (OPTIONAL)

No problem if you already have a health insurance cover, you will still win with health wallet by opting for the deductible option. Deductible is cost sharing feature. It means that the insured takes care of his healthcare costs upto the deductible amount in the policy year by himself or through another existing policy. Healthcare expenses beyond the deductible amount will be covered by the insurer.

- The deductible will apply on Individual basis in case of individual sum insured policy and on Family Floater basis in case of Family Floater policy.
- A deductible does not reduce the sum insured.
- If opted, it will apply to all insured person(s) under the policy
