## Chemical

\*\*\*\*\*

Under this line of business, we provide coverage for companies who manufacture organic or inorganic chemicals used in the manufacturing of finished chemical or pharmaceutical products.

**Major Industries coming under this category would include:**

- Industrial inorganic chemicals
- Plastic materials and resins
- Paints, lacquers, varnishes
- Pesticides and other agricultural chemicals
- Man-made cellulose fibers and synthetic fibers
- Industrial gases
- Pharmaceuticals
- Miscellaneous chemical products

**Insurance Policies offered to these industries include:**

- Standard Fire & Allied Perils Insurance
- Fire Loss Of Profits / Business Interruption Insurance
- Industrial All Risk (IAR) Insurance

All these policies are Tariff Products and governed by Terms and conditions as laid down by TAC.
