General Information

1. If you pay premiums for a continuous period of 3 years, your policy will acquire a guaranteed minimum surrender value, which is zero in respect of premiums paid in the first year and 50% of premiums in respect of the basic benefit paid subsequent to the first year. Surrender values higher than the guaranteed minimum surrender value may be payable at our sole discretion. 2. In the event that any premium remains unpaid 15 days after the premium due date and your policy has either, at our discretion, acquired a surrender value, or has acquired a guaranteed surrender value, your policy will be altered to a paid-up policy, subject to any terms and conditions which we may specify from time to time. A table of adjustment factors will be used to adjust the policy's basic sum assured to a paid up value. The adjustment factors will vary by the policyholder's age, policy's original term, policy duration, and premium frequency. The paid-up value will be at least equal to the minimum paid-up value required by sub-section 113 (2) of the Insurance Act, 1938. Once your policy is made paid-up it will cease to participate in profits. 3. If, however, any premium remains unpaid 15 days after the premium due date and your policy does not have a surrender value, the basic benefit will lapse and no benefit will be payable to you. 4. If your policy has been paid-up, it may be reinstated, subject to our consent and such terms and conditions as we may specify from time to time. On death during the first year following re-instatement, the death benefit is limited to 80% of premiums received. 5. The premium rates for frequencies other than annual are calculated by multiplying the annual premium rates by the adjustment factors. These factors are 0.5225 for half-yearly mode, 0.265 for quarterly mode and 0.09 for monthly mode. The policy fee varies with premium frequency and is Rs. 150 for annual, Rs. 80 for Half-yearly, Rs. 45 for Quarterly and Rs. 20 for Monthly. The minimum premiums are Rs. 1,800 for yearly, Rs. 1,000 for Half-yearly, Rs. 550 for Quarterly and Rs. 200 for Monthly.

Sec. 41 Insurance Act, 1938 - Prohibition of rebates

❖ No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions established that he is a bonafide insurance agent employed by the insurer.

❖ Any person making default in complying with the provisions of this section shall be punishable with fine, which may extend to five hundred rupees.

Sec. 45 Insurance Act, 1938 - Non-Disclosure

❖ No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected be called in question by an insurer on the ground that a statement made in the proposal for insurance or in any report of a medical officer, or referee, or friend of the insured, or in any other document leading to issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the policyholder and that the policyholder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose.

❖ Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
