

HDFC YOUNGSTAR SUPER SUVIDHA

No Medicals

Invest in your child's dreams
and secure your self respect

 **HDFC**
STANDARD LIFE

Sar Utha Ke Jiyo

IN THIS POLICY, THE INVESTMENT RISK IN INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER.

As a parent, your priority is your children's future and being able to meet their dreams and aspirations. Today, providing a good education, establishing a professional career or even a modest wedding is expensive. Just imagine how much you will need when your children take these important steps in life.

Plan today to ensure a bright future for your children. Start building savings today with our HDFC YoungStar Super Suvidha so that your child is able to lead a life of respect and dignity with a secured financial future.

HDFC YOUNGSTAR SUPER SUVIDHA

The HDFC YoungStar Super Suvidha gives:

- Valuable financial protection to your child in case you are not around
- An outstanding investment opportunity by providing a choice of thoroughly researched and selected investments
- **Bumper Additions** to the fund value at maturity
- Flexible premium payment options
- No need to go for medicals. Just filling a Short Medical Questionnaire will do!

You can choose your premium and the investment fund or funds. We will then invest your premium, net of premium allocation charges in your chosen funds in the proportion you specify. At the end of the policy term, you will receive the accumulated value of your funds.

In case of your unfortunate demise during the policy term, we will:

- Pay the Sum Assured to the beneficiary AND
- Continue to pay the original regular premiums towards your policy

This means, in case of your unfortunate demise, we will continue to pay 100% of the annualized premium you have chosen at the inception towards your policy. On maturity your beneficiary will receive the fund value plus the bumper additions, if your policy becomes eligible for bumper additions. Use HDFC Standard Life's excellent investment options to maximise your savings & maximise your child's achievements.

All Unit Linked Life insurance plans are different from traditional insurance plans and are subject to different risk factors.

HDFC Standard Life Insurance Company Limited is the name of our Insurance Company and HDFC YoungStar Super Suvidha is the name of this plan. The name of our company and the name of our plan do not, in any way, indicate the quality of the plan, its future prospects or returns.

3 EASY STEPS TO YOUR OWN PLAN

Step 1	Choose the premium you wish to invest.
Step 2	Choose the investment fund or funds you desire.
Step 3	Fill the Short Medical Questionnaire.

STEP 1: CHOOSE THE PREMIUM YOU WANT TO INVEST

This is the premium you will continue to pay each year of the policy. You can pay either annually or half yearly. The minimum regular premium is Rs. 15,000 per year for annual and Rs. 8,000 per half year for half yearly policies. The maximum annualised premium payable in any year is Rs. 75,000.

Contact our Financial Consultant or nearest branch for more details about the available range of convenient auto premium payment options. You may also choose to pay ad hoc Single Premium Top-Up depending on your convenience (See 'Single Premium Top-Up Premium').

Your policy will have a fixed sum assured of 5 times your chosen annualised premium. Once chosen, the sum assured amount cannot be altered during the term of the policy.

The sum assured amount, under any circumstances, cannot exceed Rs. 3,75,000. In addition this policy provides cover for payment of future premiums at the level of the annualized premium you have chosen at the commencement of the policy.

STEP 2: CHOOSE THE INVESTMENT FUNDS

In this plan the investment risk in your chosen investment portfolio is borne by you. This means that the premiums you pay in this plan are subject to investment risks associated with the capital markets. The unit prices of the funds may go up or down, reflecting changes in the capital markets.

So, to balance your level of risk and return, making the right investment choice is very important and you are responsible for the choices you make.

We have 7 funds that give you:

- The potential for higher but more variable returns over the term of your policy; or
- More stable returns with lower long-term potential.

All the investment funds available to HDFC YoungStar Super Suvidha will be available to you. All units in a particular fund are identical.

You choose from any one or a combination of the below 7 funds based on your risk appetite:

FUND*	DETAILS	ASSET CLASS			RISK & RETURN RATING
		Money Market** & Public Deposits***	Govt. Securities & Bonds	Equity	
		FUND COMPOSITION			
Liquid Fund II	<ul style="list-style-type: none"> Extremely low capital risk Very stable returns 	100%		--	Very Low
Stable Managed Fund II	<ul style="list-style-type: none"> Low capital risk due to exposure only to short-term bonds (Max 2 years) Higher potential return than Liquid Fund over a long period of time 	0% to 100%		--	Very Low
	Duration upto 24 months				
Secure Managed Fund II	<ul style="list-style-type: none"> More capital stability than equity funds Higher potential return than Liquid Fund 	0% to 25%	75% to 100%	--	Low
Defensive Managed Fund II	<ul style="list-style-type: none"> Access to better long-term returns through equities Significant bond exposure keeps risk down as compared to equities 	0% to 20%	50% to 85%	15% to 30%	Moderate
Balanced Managed Fund II	<ul style="list-style-type: none"> Increased equity exposure gives better long-term return Bond exposure provides some stability as compared to equities 	0% to 20%	20% to 70%	30% to 60%	High
Equity Managed Fund II	<ul style="list-style-type: none"> Further increased exposure to equities to give a greater long-term return The small bond holding will aid diversification and provide a little stability 	0% to 15%	0% to 40%	60% to 100%	Very High
Growth Fund II	<ul style="list-style-type: none"> For those who wish to maximise their returns 100% investment in high quality Indian equities 	0% to 10%	--	90% to 100%	Very High

*Notes on the Funds Available: We will manage the investment in each fund so that the proportion of each Asset Class is ALWAYS within the ranges given. Option to use derivatives: All funds other than Liquid Fund II and Stable Managed Fund II will be allowed to use derivatives as and when regulations allow the same. ** "Money Market Instruments" shall comprise of short term funds with maturity not more than one year comprising of instruments as specified by IRDA regulation IRDA/Reg./5/47/2008 (issued on 22nd August 2008). *** Public Deposits means deposits issued by Banking Financial Company approved by the Reserve Bank of India or by any other Public Financial Institutions or by Housing Finance Companies approved by the National Housing Bank. • **The past performance of any of the funds is not necessarily an indication of future performance. Unit prices can go up and down. No fund offers an assured return. The names of the funds we offer under this plan do not, in any way, indicate the quality of the plan, its future prospects or returns. • None of the funds participate in the profits of HDFC Standard Life Insurance Company Limited. • Investment professionals regard money market instruments as unsuitable investments for the long term and are generally used for the short term. This is because money market instruments have relatively stable returns and offer high degree of capital safety. However, they tend to offer lower returns over the long term compared to other investments.**

STEP 3: FILL THE SHORT MEDICAL QUESTIONNAIRE

You need to fill the Short Medical Questionnaire in the proposal form based on which we will establish your eligibility for this plan.

FLEXIBLE OPTIONS FOR YOUR CHILDREN'S NEEDS

We have designed the plan to meet your children's needs now and in the future. You can use these features to improve the investment returns.

FLEXIBLE OPTIONS	BENEFITS
Single Premium Top-Up	Once we have issued your policy, you can invest more than your regular premiums at any time, subject to the following conditions: <ul style="list-style-type: none"> You have paid all your regular premiums to date. Your total Single Premium Top-Ups at any time is not more than 25% of your total regular premiums paid to date. Each Single Premium Top-Up amount is at least Rs. 10,000.
Changing your Investment Decisions	You can change your investment fund choices* in two ways: <p>Switching: You can move your accumulated funds from one fund to another anytime.</p> <p>Premium Redirection: You can pay your future premiums into a different selection of fund(s), as per your need.</p>
Premium Payment	You are expected to pay premiums for the entire policy term. If you stop your regular premiums^ after at least 3 full years regular premium are paid, your policy will become paid up. Life cover will continue as long as the policy maintains the minimum fund value. All applicable charges will continue to be levied. You may restart your regular premium within a specified revival period**. You cannot change the level of the premium or Sum Assured at any time during the policy term.

* All the investment funds available to HDFC YoungStar Super Suvidha will be available to you. ^ Stopping of premiums affects the fund value; hence it is not advisable to do so in your interest. Your policy has a grace period of 15 days. **Revival Conditions: • Where premiums are stopped before the payment of 3 years premiums, you may restart your regular premiums before the end of the third year of your policy or the end of the 2 years after you stopped paying premiums, whichever is later. • Where premiums are stopped after the payment of 3 years premiums, you may restart your regular premiums before the end of the 5 years after you stopped paying premiums • And other applicable Terms & Conditions.

ACCESSING YOUR MONEY

a) On Maturity

Your policy matures at the end of the policy term you have chosen and your death and other risk covers ceases. You may redeem your balance units at the then prevailing unit price and take the fund value plus an additional percentage of the original annualised regular premium, **“Bumper Addition”** with you. The **“Bumper Addition”** will be based on your original term chosen at the inception.

TERM (yrs)	BUMPER ADDITION
10	50% of Original Annualised Premium
11 +	100% of Original Annualised Premium

This addition will be payable only if:

- You have not made any partial withdrawal during the policy term.
- You have paid all your regular premiums at a level equal to the original annualised premium chosen at inception as and when the premiums became due throughout the original policy term.

You have an option to take your fund in periodical installments* over the period which may extend to 5 years. This is called the **“Settlement Option”**. You may exercise this option within 30 to 180 days before the maturity. These installments like all policy proceeds will be payable to the beneficiary.

Your money will remain invested in the funds chosen by you and is subject to the same investment risks as during the policy term. During such period, we will continue to deduct charges other than the risk benefit charges such as the mortality charge (please see the **“Charges”** section below).

At the end of this 5-year period, we will redeem the balance units at the then prevailing unit price and pay the fund value to you.

Your policy will terminate the moment the value of balance of your units in all the funds falls below the minimum fund value of 150% of the Original Annualized Premium. No surrender charge will be applicable during the Settlement Period. The benefit payable will be the Unit Fund Value at the date of termination. This is to ensure that at least 100% of the original annualised premium is returned to you, as required by our regulator.

*Currently this minimum installment amount is Rs. 10,000.

b) On Death[^]

In case of your unfortunate demise during the policy term, we will:

- Pay the Sum Assured you had chosen to the beneficiary AND
- Continue to pay 100 % of the original regular premiums towards your policy as and when the premiums are due, on an annual basis.
- In the event of a claim during the minority of the beneficiary/nominee, the appointee will not have the right to do any policy servicing especially fund related servicing or changes the beneficiary.

On maturity, the fund value plus the Bumper Addition, as described in the section above, will become payable. The Bumper Addition will be payable only if:

- You or the beneficiary (after the claim) has not made any partial withdrawal during the policy term.
- You have paid all your regular premiums at a level equal to the original annualised premium chosen at inception as and when the premiums become due throughout the period between the inception date and the date of claim event.

[^]If claim occurs during the first 90 days after issuance or revival of the policy, whichever is later, we will pay only the value of the units held as on the date of intimation of death and no other benefit will be payable.

c) On Surrender or Partial Withdrawal

Insurance plans are long-term investments with significant tax advantages. We do not view them as short-term plans. Therefore, you are encouraged to pay the original regular premium for at least the first 5 policy years. If you do not,

you will incur a charge. In addition, you have no access to the funds in your policy in the first three policy years.

If you do not pay the original Regular Premiums due in the first 3 years your life cover will cease and the value of the units in the fund after the deduction of the surrender charge will cease to be invested and will be held separately by us. This amount will be paid out to you only at the end of the third year of your policy or the end of the 2 years after you stop paying premiums into your policy, whichever is later.

If you surrender your policy before three years have passed, your life cover will cease and value of the units in the fund after the deduction of the surrender charge will cease to be invested and will be held separately by us. This amount will be paid out to you only at the end of the third year.

If you choose to surrender the policy, any time after three years have passed the surrender value will be the value of the units in the fund after the deduction of the surrender charge.

If your fund value is less than the minimum fund value of 150% of your original regular premium at any time after three policy years have passed, we will cancel your policy whether or not it is premium paying. This will ensure you receive at least 100% of the original annualised premium.

You can make lump sum partial withdrawals from your funds after 5 policy years subject to the terms and conditions required by the IRDA or by HDFC Standard Life. These conditions may change from time to time. The current conditions are as given below:

- The minimum withdrawal amount is Rs. 10,000.
- After the withdrawal, the fund does not fall below the minimum fund value.
- After the withdrawal, the fund does not fall below the sum of top-up premiums paid in the preceding three years, ignoring all top-up premiums paid in the three years before the maturity date.

Please see the **“Charges”** section for details of the Surrender and Partial Withdrawal charges

BENEFICIARIES

The beneficiary is the sole person to receive the benefit under the policy. Where the beneficiary is less than 18 years of age, the benefit will be paid to the Appointee.

We envisage that the majority of our policyholders would be buying the policy for the benefit of their children. Hence the beneficiary would be the child in all these circumstances. We do however allow the policy to be taken for the benefit of any other person as well, subject to underwriting as specified from time to time.

CHARGES

The charges under this policy are deducted to provide for the cost of benefits and the administration provided by us. Our charges, when taken together, are structured to give you better returns and value for money over the long term.

PREMIUM ALLOCATION CHARGE

This is a premium-based charge. After deducting this charge from your premiums, the remainder is invested to buy units. The tables below give the percentage of your premium that is used to buy units. This percentage depends on the year of allocation. The premium allocation rates are guaranteed for the entire duration of the policy term.

PREMIUM ALLOCATION RATES

PREMIUM PAID DURING YEAR (RS.)	PREMIUM ALLOCATION RATE
Year 1	85%
Year 2	90%
Year 3	95%
Year 4+	97%

Single Premium Top Up Allocation: The allocation rates for Single Premium Top Up are given below

PREMIUM PAID DURING YEAR (RS.)	ALLOCATION RATES
Single Premium Top-Up(s) – Year 1&2	97.50%
Single Premium Top-Up(s) – Year 3+	98.00%

FUND MANAGEMENT CHARGE (FMC)

In the long term, the key to building great maturity values is a low FMC. The daily unit price already includes our fund management charge of only 1.25% per annum charged daily, of the fund's value.

OTHER CHARGES

The following is the set of other charges that we will take from your policy. These charges are taken by cancelling units proportionately from each of the funds you have chosen.

CHARGES	EXPLANATION																																			
Policy Administration Charge	Rs. 50 per month will be charged. This charge will be automatically increased each year by 5% on each policy anniversary.																																			
Mortality Charge	Every month we make a charge for providing you with the death cover (which includes the Sum Assured plus the value of the future premiums payable) in your policy. The amount of the charge taken each month depends on your age.																																			
Switching Charge	24 switches will be given free in a policy year and any additional switch will be charged Rs. 100 per switch.																																			
Partial Withdrawal Charge	On the First Partial Withdrawal: No Partial Withdrawal Charge will be levied on the first partial withdrawal for any Policy that pays the Original Regular Premium when due for the first five years of the contract. The Partial Withdrawal Charge on the first partial withdrawal depends upon whether the policy is premium paying or paid-up. If the policy is in a paid-up state, then the first partial withdrawal charge depends upon when the policy became paid-up. The charge is as shown below.																																			
	<table border="1"> <thead> <tr> <th>Policy Status</th> <th>Partial Withdrawal Charge</th> </tr> </thead> <tbody> <tr> <td>Paid-Up in the 4th policy year</td> <td>30% of original annual regular premium</td> </tr> <tr> <td>Paid-Up in the 5th policy year</td> <td>15% of original annual regular premium</td> </tr> <tr> <td>Paid-up after the 5th policy year or Premium Paying</td> <td>NIL</td> </tr> </tbody> </table>	Policy Status	Partial Withdrawal Charge	Paid-Up in the 4th policy year	30% of original annual regular premium	Paid-Up in the 5th policy year	15% of original annual regular premium	Paid-up after the 5th policy year or Premium Paying	NIL

On Subsequent Partial Withdrawals: 6 partial withdrawal requests will be free in a policy year and any additional partial withdrawal request will be charged Rs. 250 per request.																																				
The Surrender Charge depends upon the number of premiums paid before surrendering the policy. The charge differs depending on premium paying frequency. The Surrender charge for annual mode is as shown in the table below. For non-annual modes, depending upon the actual number of premiums paid, the surrender charge will be derived from the below table on a pro-rata basis.

No Surrender Charge will be levied for any Policy that is surrendered after the 5 th policy anniversary.																																				
Revival Charge	A charge of Rs. 250 may be charged for revival.																																			
Miscellaneous Charge	This is a charge levied for any alterations to the policy, like premium redirection or additional servicing. 12 premium redirection requests will be free in a policy year and any additional premium redirection request will be charged Rs. 250 per request. 6 additional servicing requests will be free in a policy year and any additional servicing ⁹ request will be charged Rs. 250 per request. On Outstation cheques a charge of up to Rs. 250 per instrument will be charged.																																			

ALTERATION TO CHARGES

We cannot change our current charges without prior approval from IRDA.

- The Fund Management Charge will be subject to the maximum cap as allowed by IRDA;
- The Surrender Charge is guaranteed for the entire duration of the policy term;
- The Partial Withdrawal Charge on the first partial withdrawal is guaranteed for the entire duration of the policy term.
- The Policy Administration Charge is guaranteed for the entire duration of the policy term;
- The Mortality Charge rates are guaranteed for the full duration of your policy term.
- The maximum Switching charge allowed is Rs. 500 per switch;
- We can charge up to a maximum of Rs. 500 per request for Premium Redirection, Partial Withdrawal, Revival charges, Outstation Cheques charges and Additional Servicing Requests.

TAX BENEFITS (Based on current tax laws)

You will be eligible for tax benefits under Section 80C and Section 10(10D) of the Income Tax Act, 1961, subject to the provisions contained therein.

- Under Section 80C, you can save up to Rs. 30,900 from your tax each year (calculated on the highest tax bracket) as premiums up to Rs. 1,00,000 are allowed as a deduction from your taxable income.
- Under Section 10 (10D), the benefits you receive from this policy are exempt from tax.

The above mentioned tax benefits are subject to changes in the tax laws.

TERMS & CONDITIONS

We recommend that you read this brochure & benefit illustration and understand what the plan is, how it works, the risks involved before you purchase. We have appointed Certified Financial Consultants, duly licensed by IRDA, who will explain our plans to you and advise you on the correct insurance solution that will meet your needs.

A) Unit Prices: We will set the unit price of a fund as per the IRDA's guidelines. The unit pricing shall be computed based on whether the company is purchasing (appropriation price) or selling (expropriation price) the assets in order to meet the day to day transactions of unit allocations and unit redemptions.

(i) Appropriation price shall be computed as: Market value of investment held by the fund plus the expenses incurred in the purchase of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any new units are allocated), gives the unit price of the fund under consideration.

Pride

(ii) **Expropriation price** shall be computed as: Market Value of investment held by the fund less the expenses incurred in the sale of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any units are redeemed), gives the unit price of the fund under consideration.

We round the resulting price to the nearest Re. 0.0001. This price will be published on our website and leading national newspapers.

B) Exclusions:

No death benefit will be paid if the death has occurred directly or indirectly as a result of suicide within one year of the date of commencement or the date of issue or date of revival of the policy, whichever is later. However, in such circumstances, the value of the units held on the date of intimation of death will be paid out and the policy will terminate.

C) The Additional Services[#] that will attract miscellaneous charges are as given below. Please note that the below list is a generic list and only those alteration requests eligible under HDFC YoungStar Super Suvudha will be available to you in your policy:

- Issue of Duplicate Policy Document on request from client.
- Dispatch of Returned Policy Document - due to client giving incorrect /outdated address.
- Change in Date of Birth.
- Change of Address.
- Change in the name of Life Assured (Please note: a change in Life Assured not allowed).
- Change of Policyholder's name.
- Change of Assignee (especially as security for loans).
- Change of beneficiary / nominee / Appointee.
- Change of name of beneficiary / nominee / Appointee.
- Request for additional Annual Unit Statement.
- Request for Ad-hoc Unit statement.
- Request for additional Renewal premium reminder notice (more than one reminders).
- Cheque bounce/cancellation of Cheque.
- Change of servicing agent on client's request.
- Cancellation / Failure / Fresh request of ECS / SI mandate on behalf of the client.
- Change in the frequency of premium payment.
- Changing the installment amount during settlement period
- Retrieving / cancelling cheque issued by us to the client due to client request / error.
- Client preference to have fund transfer instead of cheques on claims.
- Change in bank details.
- Invalid / Fraudulent claims submitted by the Policyholder.

D) Cancellation in the Free-Look period: In case you are not agreeable to the general policy terms and conditions, you have the option of returning the policy to us stating the reasons thereof, within 15 days from the date of receipt of the policy. On receipt of your letter along with the original policy documents, we shall arrange to refund you the value of units allocated to you on the date of receipt of request plus the unallocated part of the premium plus charges levied by cancellation of units, subject to deduction of the proportionate risk premium for the period on cover and the expenses incurred by us on stamp duty. A policy once returned shall not be revived, reinstated or restored at any point of time and a new proposal will have to be made for a new policy.

E) Special rules for large transactions: For a very large transaction above a threshold level, in order to maintain equity and fairness with all unit holders, we may choose to apply special treatment for all transactions, which involve purchase or sale of underlying assets. The number of units allocated may reflect the expenditure incurred in the actual market transactions which occurred. The value of units obtained from encashment may be the actual value obtained as a consequence of the actual market transaction which occurred. Transactions may occur over a number of days. The threshold level will vary from time to time, depending on, amongst other matters, the liquidity of the stock markets. Our current threshold for large transactions will be Rs. 50,000,000 for a fund predominately investing in Government Securities and Rs. 25,000,000 for a fund investing in highly liquid equities.

F) Prohibition of Rebates:

Section 41 of the Insurance Act, 1938 states:

(1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer:

(2) Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to five hundred rupees.

G) Non-Disclosure:

Section 45 of the Insurance Act, 1938 states:

No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected be called in question by an insurer on the ground that a statement made in the proposal for insurance or in any report of a medical officer, or referee, or friend of the insured, or any other document leading to issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the policyholder and that the policyholder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose.

Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

H) Service Tax & other duties: As per the Service Tax Laws, service tax is applicable on the life insurance premium and also on the charges. Any other indirect tax or statutory levy becoming applicable in future may become payable by you by any method we deem appropriate including by levy of an additional monetary amount in addition to the premium; cancellation of units or from the unit fund.

Ensure a life of respect and dignity for you and your family.
